This instruction shows a typical installation.

CAUTION - RISK OF FIRE

This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.

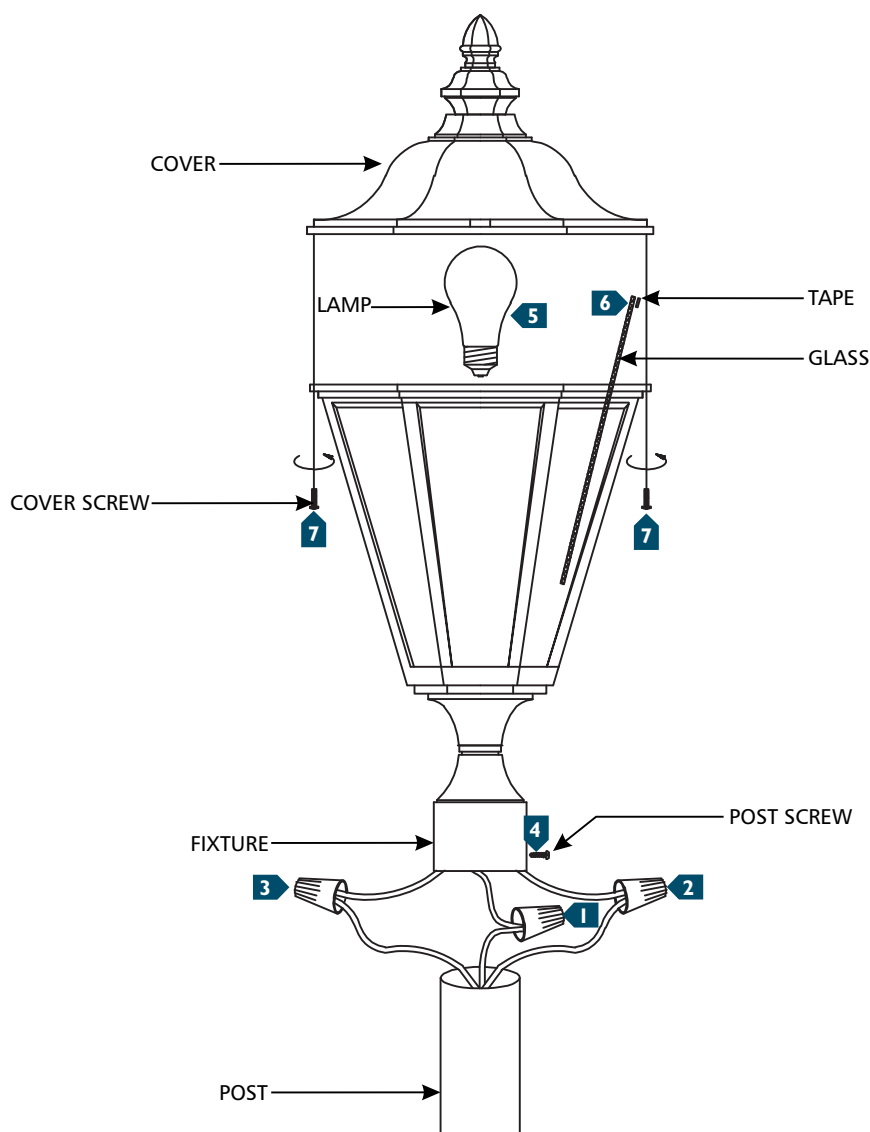

Use minimum 90°C supply conductors.

SAVE THESE INSTRUCTIONS!

Install the Fixture

1A

- 1** Connect the fixture to a suitable ground in accordance to local electrical codes.
- 2** Connect the white fixture wire (square and/or rigid) to the neutral power line wire with a wire nut.
- 3** Connect the black fixture wire (round and/or smooth) to the hot power line wire with a wire nut.
- 4** Secure the fixture to the post with post screws.
- 5** Screw the lamp into socket. Refer to the label on the socket for Max Wattage Information.
- 6** Install the provided tape to the ends of the glass, insert the glass into frame, and secure it by ensuring that the tape properly sticks onto the frame.
- 7** Place the cover on top of the fixture and secure it in place with the cover screws.
