

ASSEMBLY INSTRUCTION FOR

Amalfi Arc Lamp

Model #1637-01

A note on packaging: Due to the fragile nature of this product, we have chose to use Styrofoam only where it is needed to protect it and deliver the best quality product to our customer. We are aiming to reduce the use of plastic and styrofoam in the packaging of our products where possible and are investigating more environmentally friendly alternatives to use. We hope you enjoy your purchase!

1. Insert pole (B) onto base (A). Adjust the position of pole (B) by rotating it 90 degrees so it slides down into position. Then, fix pole (B) onto base (A) by inserting 2 set screws (C) each into the holes on the bottom of pole (B) and screw each into pole (B) with allen wrench (D).
2. Screw pole (E) into pole (B) until tight.
3. Screw pole (F) into pole (E) until tight. You may need to pull any excess cord gently through the base, so that the poles fit together.
4. Insert pole (I) into pole (H) and adjust the position of pole (I) so that it sits securely into pole (H). Then, fix pole (I) into pole (H) by inserting 1 set screw (C) into the hole on the top of pole (H) and screw it into pole (H) with allen wrench (D).
5. Insert pole (H) into pole (G) and adjust the position of pole (H) so that it sits securely into pole (G). Then, fix pole (H) into pole (G) by inserting 1 set screw (C) into the hole on the top of pole (G) and screw it into pole (G) with allen wrench (D).
6. Insert pole (G) into pole (F). Adjust the position of pole (G) by rotating it 90 degrees. Note: The assembled arm should be facing forward as in the sketch and the below note. Then, fix pole (G) into pole (F) by inserting 2 set screws (C) each into the holes on the top of pole (F) and screw each into pole (F) with allen wrench (D).

7. Remove socket ring (L) from socket (J). Place lamp shade (K) onto socket (J). Secure the shade by screwing socket ring (L) back onto socket (J).

GENERAL PRODUCT INFORMATION:

This product is suitable for dry locations only.

IMPORTANT SAFETY INSTRUCTIONS:

This portable lamp has a polarized plug as a feature to reduce the risk of electric shock (one blade is larger than the other). This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not use with an extension cord unless the plug can be fully inserted. **DO NOT ALTER THE PLUG.**

BULB TYPE: Please use 1 x E26 100 watt maximum incandescent bulb or equivalent E26 LED bulb (bulbs not included).
