USE LED BULBS FOR EXTENDED USE
This fixture is DRY rated

How to Install

1. Pass the wire through the center stem and screw it onto the top of the light cluster.
2. Feed the wire through the swivel on the canopy and screw the light cluster onto the canopy.
3. Install the mounting plate onto the outlet box.
4. Hook the frame onto the mounting plate using the safety cable attached onto the canopy.
5. Insert the glass rod into the slots on the frame.
6. Do the wire connection and raise the frame up over the outlet box and secure it with the ball nuts.
7. Install the bulb onto the socket.
