

CRYSTORAMA LIGHTING

ASSEMBLY INSTRUCTION MODEL #SIM-809-MK-TG

All electrical components must be installed by a licensed electrician in accordance with the National Electric Code and the appropriate local electrical codes.

You will need 3 – Cand.Bulb
40 Watts Recommended 60 Watts Max
USE LED BULBS FOR EXTENDED USE

THIS FIXTURE IS WET RATED

How to Install

1. Remove the frame from the bottom cover by loosening the cap nut.
2. Insert the glass panel from the bottom of the frame to allow the top of the glass to be seated inside the groove on the top of frame. Secure the glass with the clips on the bottom of the frame.
3. Place the candle sleeve over the socket and install the bulb onto the socket.
4. Place the frame over the light cluster and let it sit on top of the bottom cover by aligning the holes. Secure with the cap nuts.
5. If the loop is preferred on top of the frame, please unscrew the decorative leaf finial and screw the loop onto the top of the frame.

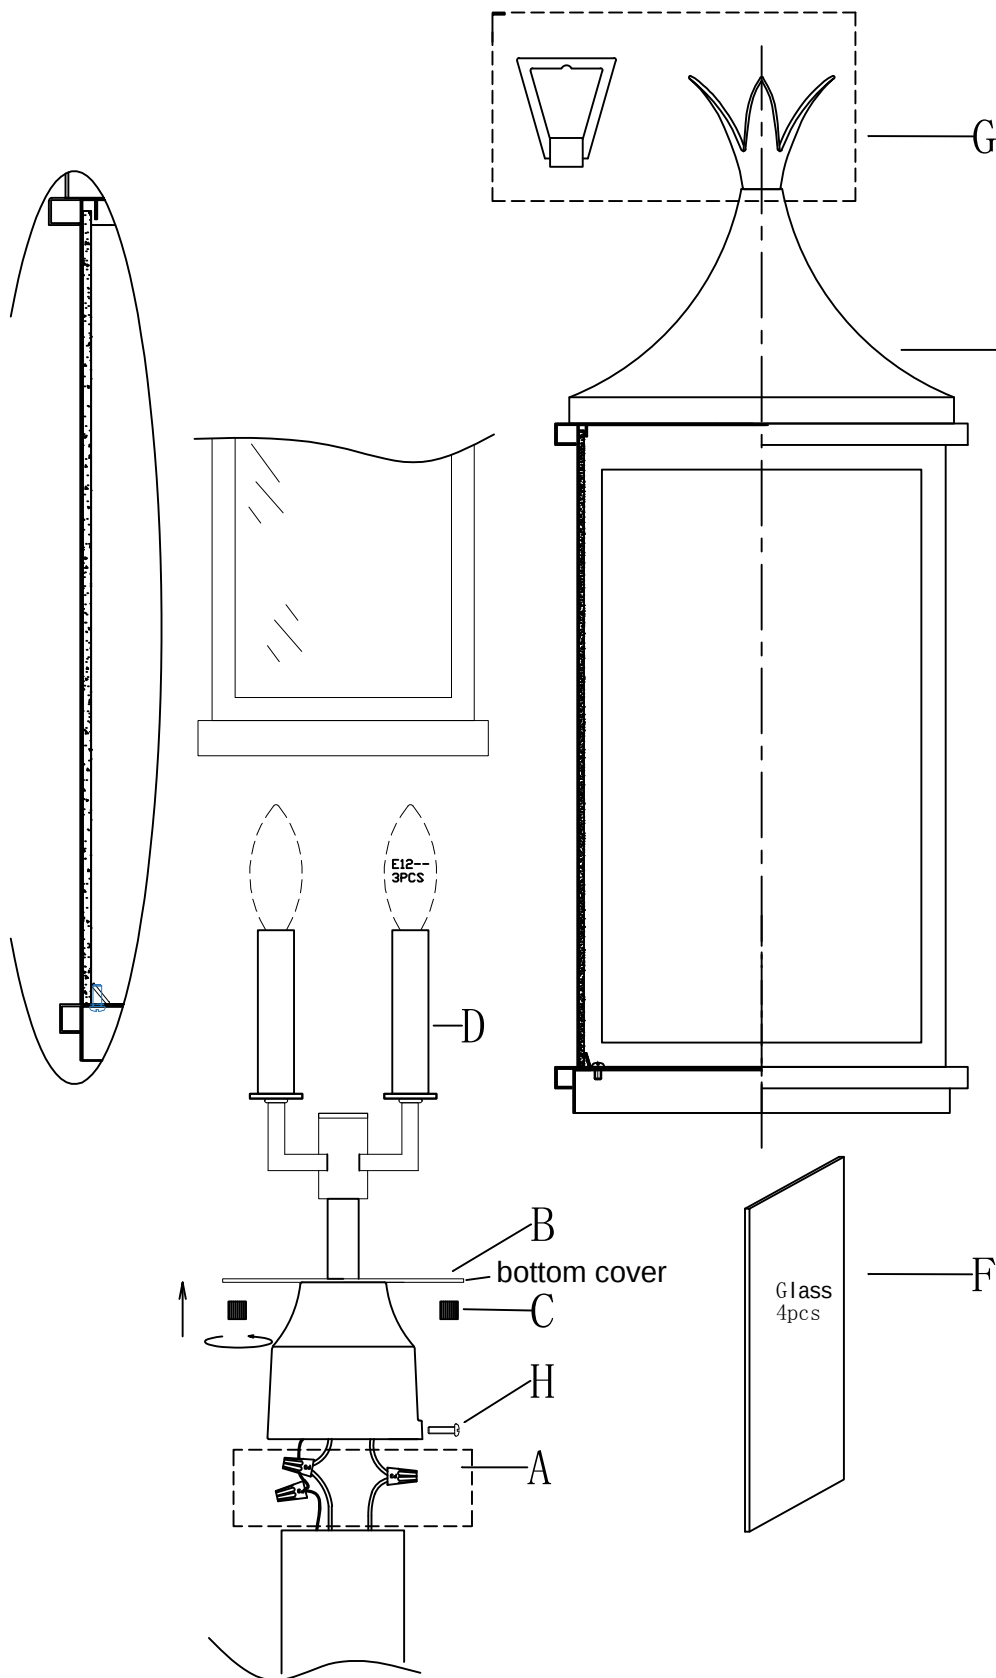

WARNING: This product can expose you to Lead, which is known to the State of California to cause cancer and/or birth defects or reproductive harm. For more information go to www.P65Warnings.ca.gov
